

SUGARCANE CLAMSHELLS

REDEMPTION

to go.

PRODUCTS®

Expect more and sacrifice nothing

Here's some food for thought: polystyrene to-go containers are made from precious oil and usually end up in landfills. Sugarcane Clamshells from Eco-Products® are not only strong, grease and cut resistant alternatives to plastic or polystyrene, they're also BPI certified compostable and made from a 100% reclaimed and rapidly renewable material.

GREENSTRIPE® by Eco-Products®

Made from 100% renewable and reclaimed resources
 Made with sugarcane, a rapidly renewable resource
 Meet ASTM standards for compostability
 Grease and cut resistant
 Molded construction designed for strength and style
 For use with hot or cold foods
 Microwave and freezer safe
